

Living Robots with EV3

Version 0.1

Juan Antonio Breña Moral

27-Apr-2014

Table of Contents

Introduction.....	5
Lego Mindstorms.....	5
History.....	5
The EV3 brick.....	5
The Brick evolution.....	5
Why do I choose Lego Mindstorms?.....	5
Educative & Personal Robotics.....	5
Alternatives in the market.....	5
Big brothers.....	5
LeJOS Project.....	5
History.....	5
Evolution of the project.....	5
The project in numbers.....	5
Features for EV3.....	5
Artificial Intelligence features.....	6
Packages & API.....	6
Alternatives.....	6
The future.....	6
Summary.....	6
Robotics fundamentals.....	7
Introduction.....	7
The robot architecture.....	7
Sensors.....	7
Actuators.....	7
Sensors.....	8
Introduction.....	8
The sensor framework.....	8
External Sensors.....	8
Ultrasonic Sensor.....	8
Touch Sensor.....	8
Sound Sensor.....	8
Internal Sensors.....	8
Compass Sensor.....	8
GPS Sensor.....	8
Gyro Sensor.....	8
Battery.....	8
Time & Date.....	8
Memory.....	8
Summary.....	8
Actuators.....	9
Motors.....	9
EV3 Motors.....	9
PF Motors.....	9
RC Servos.....	9
EV3 Brick.....	9
Display.....	9
Buttons.....	9
Lights.....	9
Sound.....	9
Summary.....	9

Navigation.....	10
Introduction.....	10
Local Navigation.....	10
Global Navigation.....	10
Summary.....	10
Cognition.....	11
Introduction.....	11
Alternatives.....	11
Technology applied in real life.....	11
Summary.....	11
Subsumption Architecture.....	12
Introduction.....	12
Using Subsumption API.....	12
Summary.....	12
Finite State Machines.....	13
Introduction.....	13
SCXML.....	13
Summary.....	13
Computer vision with HTML5.....	14
Introduction.....	14
Summary.....	14
Web interfaces with HTML5.....	15
Introduction.....	15
Summary.....	15
Communications.....	16
Introduction.....	16
Types.....	16
Wired.....	16
Wireless.....	16
Strategies.....	16
Summary.....	16
Communications I: Web Services.....	17
Introduction.....	17
The internet protocol.....	17
SOAP.....	17
JSON.....	17
WebSockets.....	17
Summary.....	17
Communications II: RMI.....	18
Introduction.....	18
RMI.....	18
Summary.....	18
Communications III: Bluetooth.....	19
Introduction.....	19
Bluetooth.....	19
Summary.....	19
Communications IV: USB.....	20
Introduction.....	20
USB.....	20
Summary.....	20
Communications V: I2C.....	21
Introduction.....	21

I2C.....	21
Summary.....	21
Hacking robots.....	22
Introduction.....	22
Secure your robots.....	22
How to disable robots?.....	22
Create your first robot to disable other robots.....	22
Hacking unix services.....	22
Hacking hardware.....	23
Introduction.....	23
LIDAR.....	23
Arduino.....	23
Advanced Servos.....	23
Appendix 1.....	24
Getting started with LeJOS.....	24
Introduction.....	24
Using a Mac to install LeJOS on your EV3 brick.....	24
Testing your EV3 Installation.....	24
Developing your first program.....	24
Wifi Adapters for EV3.....	24
Introduction.....	24
Wifi adapters tested.....	24
LeJOS Tools.....	24
Appendix 2.....	25
Java fundamentals.....	25
Java deployment tools.....	25
Ant.....	25
Appendix 3.....	26
Unix fundamentals.....	26
Unix tools.....	26
